## Wales Expands Heavy Vehicle Repair Capacity in Newcastle

Wales Heavy Vehicle Repairs is expanding its presence in Newcastle by growing and rebranding the existing National Truck Repairs facility.

With an ever-increasing client base and dedicated workshop team, Wales is growing Newcastle's premier heavy vehicle accident repair facility. This includes expanding the existing repair facility into the adjacent mechanical workshop and installing new state-of-the-art equipment.

Darren Wales, Executive General Manager of Wales Heavy Vehicle Repairs said, "It makes sense for us to offer our clients a larger footprint and upgraded facilities and equipment to provide them with the fastest, highest quality collision repairs we can as we continuously seek to enhance our collision repair offering."

**Wales Heavy Vehicle Repairs** is an AMA Group business. Wales is one of Australia's largest repairers of heavy-duty trucks, coaches, and machinery. The business' national team of technicians work to get customers back in business and on to bigger things.

**AMA Group (ASX: AMA)** is the leader in the Australian and New Zealand collision repair industry and is Australia's only publicly listed collision repair focused company. The Group has the biggest collision repair network across Australia and New Zealand, and repairs light to high-severity collisions, on everything from small private vehicles to commercial trucks and buses. This is supported by Australia's leading distributor of automotive parts and consumables.
